

Flavorful Incentives for You

Put money in your customers' pockets, as well as your own, with Summit Utilities' foodservice incentive program. Rebates are excellent sales tools to help your customers minimize their cost for high-efficiency natural gas foodservice equipment while also lowering their operating costs. Each time your customers install new high-efficiency natural gas foodservice equipment, you earn cash incentives.

Cash incentives for foodservice trade allies/dealers

Equipment	Efficiency rating		Rebate/unit	Trade ally/dealer incentive/unit
Combi ovens >28 pan	CEW	ENERGY STAR®	\$2,400	\$225
Combi ovens 15-28 pan	CEW	ENERGY STAR®	\$1,450	\$225

Equipment and customer eligibility

- Summit Utilities commercial customers who install qualifying equipment in Summit Utilities' Arkansas service territory
- Equipment must meet program specification requirements. For programs listed with California Energy Wise (CEW) or ENERGY STAR® ratings, refer to SummitUtilities.com/ARFoodservice
- Rebates apply to new equipment only
- Replacing electric equipment with natural gas equipment is not eligible for a rebate

Start earning trade ally/dealer incentives today!

Three simple steps to receive incentives:

1. Submit a W-9 to Lorton@summitutilities.com

To comply with tax laws and to pay your incentives, we need a current copy of your W-9 on file every two years. Please fill out an EFT form and incentives will be directly deposited.

2. Receive a trade ally/dealer ID

Once we have your W-9, you'll receive a six-digit trade ally/dealer ID to track and pay your incentives. Include it whenever you submit rebate applications.

3. Send completed application

After installations are complete, submit rebate applications. We will mail your customers' rebates upon processing and send your incentive checks to you quarterly.

Terms and conditions apply. See detailed qualifications, rules, and requirements on the rebate application.

Natural gas — the preferred energy choice for cooking

- Precision control for better quality
- High efficiency with lower operating costs
- As a primary fuel, natural gas can be used in its natural state rather than undergoing a conversion process at a power plant, which creates emissions and waste energy.
- Annual energy costs for customers using natural gas has been lower than the cost for propane, fuel oil, or electricity since 2010 — and it's projected to stay low through 2040.

SummitUtilities.com/ARFoodservice

Nearly 90% of chefs prefer cooking with natural gas.

To secure your rebate, applications and dated sales invoices must be **RECEIVED WITHIN 120 DAYS OF INSTALLATION.**

How to apply for rebates

Three simple steps to receive a rebate:

1. Use our online fill-and-print forms to apply for rebates at your convenience.

SummitUtilities.com/ARFoodservice

2. Mail in rebate form so it is RECEIVED within 120 days of installation.

Allow six to eight weeks for rebate processing, see below.

3. Rebate applications must include a dated copy of the paid, itemized invoice(s). Invoice(s) must include brand, complete model number, purchaser's name, and installation address.
